Available PhD Position at the NanoCAS Lab

**Electrical and Computer Engineering Department**

**Stony Brook University** (SUNY), New York, USA

**September 23, 2013**

PhD position is available for a project in the field of energy-efficient integrated circuit design and automation (in collaboration with semiconductor industry). Strong background/experience is required in at least one of the following areas:
1) Transistor level circuit design and circuit optimization in CMOS technology
2) Algorithms and optimization theory with application to circuit design automation

If interested, please send your resume to Professor Emre Salman at emre.salman@stonybrook.edu with subject “PhD position”.

According to USNews Education 2013, Stony Brook University is ranked 64th in the Best Engineering Graduate Schools Category
